SUMMARY OF THE REASONS FOR DECISION:

The computer printout *Laptop HDD\Unallocated Clusters\C155058-175624* is classified as:
Objectionable.

The publication promotes and supports the exploitation of children for sexual purposes. The computer printout is a photographic record of the sexual exploitation of a child. The image depicts an adult male engaged in sexual activity with a boy approximately 8-10 years old. The purpose of the image is adult sexual stimulation. The publication encourages and validates adult sexual interest in children, and strengthens the idea that they may be exploited for adult sexual use and gratification.

A classification of "objectionable" places a limit on the right to the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. However, in relation to this publication, the classification is considered to be a reasonable limit prescribed by law that can be demonstrably justified in a free and democratic society.
